

Says

Iphone have  
several version  
and new model  
introduced year  
by year

Apple's  
branches are  
opened in india  
to attract the  
users in india

Apple's  
users  
increases in  
india rapidly

Thinks

Apple's  
branches  
provides job  
for indians

india is  
developing  
country so apple  
target the india  
to develop is  
market

Now a day india  
is digitally  
developing  
nation whichis  
helpful t0 us

Iphones with  
many  
features ans  
have new  
models

Apple branches  
come to india  
and new model  
come to indian  
market quickly

Cost of  
iphone is  
large which is  
difficult to  
buy

Apple branches  
offer a jobs to  
peoples

Government  
fixed a price  
with suitable  
amount

By fixing price  
which iphone  
to kind of  
peoples in  
india
